SAHANA SINGH

College Station, Texas | (469) 422-7969 | sahana.xsingh@gmail.com | linkedin.com/in/sahana-singh/

SUMMARY

General Engineering student at Texas A&M University with experience in software development, cybersecurity research, and natural language processing. Skilled in Python, Java, Swift, and C, with hands-on application development experience.

EDUCATION

Texas A&M University, College Station, TX | B.S. General Engineering | Expected May 2030

SKILLS

Programming: Python, Java, Swift, C, JavaScript, HTML/CSS | Frameworks: Spring Boot, FastAPI, Next.js
Tools: Docker, AWS, CI/CD, APIs, MATLAB, Simulink | Certifications: Java ITS (2023), MATLAB and Simulink Onramp (2026)
Languages: English, Hindi, Odia (fluent); Spanish, French (basic)

PROJECTS

Friendly Fire | Application Development Project | Oct 2026 to Present

? Building a personalized trivia game using friends? Valorant gameplay statistics for competitive quizzes and tailored results.
? Working with Java/Spring Boot gateway, authentication, and room services; Python/FastAPI quiz and scoring; Go match data.
? Contributing to a Next.js frontend and infrastructure involving Docker, CI/CD, and AWS.

Quant Finance on Prediction Markets | Machine Learning Project | Oct 2026 to Present

? Exploring ML techniques to identify prediction-market opportunities using Python and quantitative analysis.
? Applying probability, expected value, predictive modeling, APIs, and machine learning libraries to analyze market data.

PROFESSIONAL EXPERIENCE

Kumon | Math and Reading Teaching Assistant | Frisco, TX | Aug 2025 to Aug 2026

? Assisted 20+ students per shift; provided one-on-one math and reading instruction and graded assignments.
? Supported elementary readers and students requiring additional assistance, including special education students.

MNK Infotech Inc. | Application Development Intern | Irving, TX | Jun to Aug 2024

? Contributed to Asobo App upgrades, implementing API calls and UI components in Swift; tested and debugged features.

University of Texas at Dallas | Cybersecurity Research Intern | Richardson, TX | Jun to Aug 2024

? Explored C, Metasploit, and network protocols through hands-on cybersecurity exercises and projects.

University of Texas at Dallas | NLP Research Intern | Richardson, TX | Jun to Aug 2024

? Used Python NLP libraries for text processing and analysis.

ORGANIZATIONS AND INVOLVEMENT

Society of Women Engineers (SWE), Outreach Committee Member, Texas A&M University
SWElites (SWE Leadership Program), Service Committee Member, Texas A&M University
Aggie Competitive Programming Club, General Member, Texas A&M University
